## WSU PSYCH 445 PRACTICUM AGREEMENT ADDENDUM/CHANGE FORM

This form should be completed whenever there is a change in the number of credits and therefore in the number of hours to be worked at the practicum site. This form can also be used when there is a *significant* change in the activities occurring at the practicum site. It ensures that the student, supervisor, and instructor are all in agreement and are aware of the changes to be made. Clear expectations allow for accurate feedback at the end of the practicum experience. Signatures are required of all parties. All parties will be given a copy of this document as it will be used to evaluate the student at the end of the semester.

Student Name	
Supervisor Name	
Practicum Site
