Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

See the program handbook for policies regarding credit for prior graduate work: <https://psychology.wsu.edu/documents/2017/clinical-handbook.pdf/>. Most students take 6 years to complete the program; students entering with a master's degree may complete the program in 5 years, inclusive of internship. Students who had completed a prior empirical master's thesis may be able to waive the thesis requirement, pending approval by two thesis readers.

For classes prior to that, the old scoring system is reported. For classes after that, the new scoring system is reported.
